

The **BEST** phone cards for Latin America!

***Keep your workers connected to home
with the best international calling cards
from Agri-Placement Services.***

Easy access to quality international calling cards is a great quality-of-life benefit for your employees, and they can be great incentive bonuses on your farm, orchard or vineyard.

APS works with one of the top providers of calling cards to make sure we provide the best value. Don't let your employees rely on lower value store-bought cards.

New customers receive a 10% bonus with their first order: Buy 20 cards and receive 2 more for free; order 30 cards and get 3 free, etc.

Pay by check or credit card. For purchase and payment information, call Julia DeVries at 802-349-7027.

For more information about APS's farm labor consulting and H2A visa services, go to agri-placement.com or call F. Brandon Mallory at
